Authorization for this examiner's amendment was given in a telephone interview with Nancy R. Gamburd on 10/24/2005.

In claim 31, lines 1-2, change "A routable and executable information module" to "A machine-readable medium having a routable and executable information module thereon".

Applicants' representative agreed to the change to preclude an interpretation of the claim language which might seem to be in disagreement with the Office's current policy on the interpretation of 35 USC 101.

Any inquiry concerning this communication should be directed to William M. Treat at telephone number (571) 272-4175. The examiner works at home on Wednesdays but may normally be reached on Wednesdays by leaving a voice message using his office phone number.
